

# Saving Lives of Women and Children in Rural India

**Maya Devi Charitable Hospital, Sarurpur, India**

**Progress Report: October 2011 – June 2012**

**We observed a sharp growth in the number of clients in the last quarter; malaria, diarrhea and boils were added to the list of frequently treated diseases**

# Women and children in the village are affected by common diseases which are not only painful but also can also be life threatening
